

REMARKS

This application has been carefully reviewed in light of the Office Action dated April 25, 2005. Claims 1, 3-6, and 9 remain pending in this application. Claims 1 and 9 are the independent claims. Favorable reconsideration is respectfully requested.

Applicant notes with appreciation the indication that Claims 2-6 would be allowable if rewritten in independent form including all of the limitations of their base claim and any intervening claim. Applicant have so amended Claims 2-6 by adding the limitation of claim 2 into Claims 1 and 9. Applicant respectfully believes the claims to be presently allowable.

Applicant respectfully believes the amendments to Claims 1 and 9 render the § 102(e) rejection over Jaspers et al. (U.S. Patent No. 6,697,110; hereinafter "Jaspers") moot and request its withdrawal.

In view of the foregoing remarks, Applicant respectfully requests favorable reconsideration and early passage to issue of the present application.

Applicant's undersigned attorney may be reached by telephone at the number given below.

Respectfully submitted,
